TRILLIONS

Why invest?

What can Trillions do for you?

1. There's a ready-made audience

WE KNOW WHO OUR CUSTOMERS ARE...

...AND WE KNOW WHERE WE CAN FIND THEM

300MM

crypto owners, on the way to 1bn+

2. You are the story

By taking a deep dive into your value propositions throughout multiple episodes and integrating and weaving their protocols into the storyline, we can create awareness amongst key stakeholder groups of projects whilst driving adoption & demonstrating credibility.

For example:

2. You are the story

Tom Hanks' character in "Cast Away" exemplified the best of FedEx's commitment to excellence and integrity, and, even when stranded on a desert island at the end of the movie, he still delivered the packages.

FedEx was part of the story. It was where he worked, and it was who cared for him when he came home. There may never be a more compelling or effective ad campaign to impact FedEx than "Cast Away".

< CAESARS PALACE >

"The Hangover" has been a cultural juggernaut for a generation that now identifies Caesars Palace as a bucket-list destination when coming to Las Vegas. The movie revitalized the Caesars Palace brand and drove millions to the property as a tourist attraction.

"The Hangover" was such a boon to Caesar's Palace's bottom-line that to this day, more than a decade after the movie was first released, "The Hangover" themed merchandise remains a top seller for the property.

2. You are the story

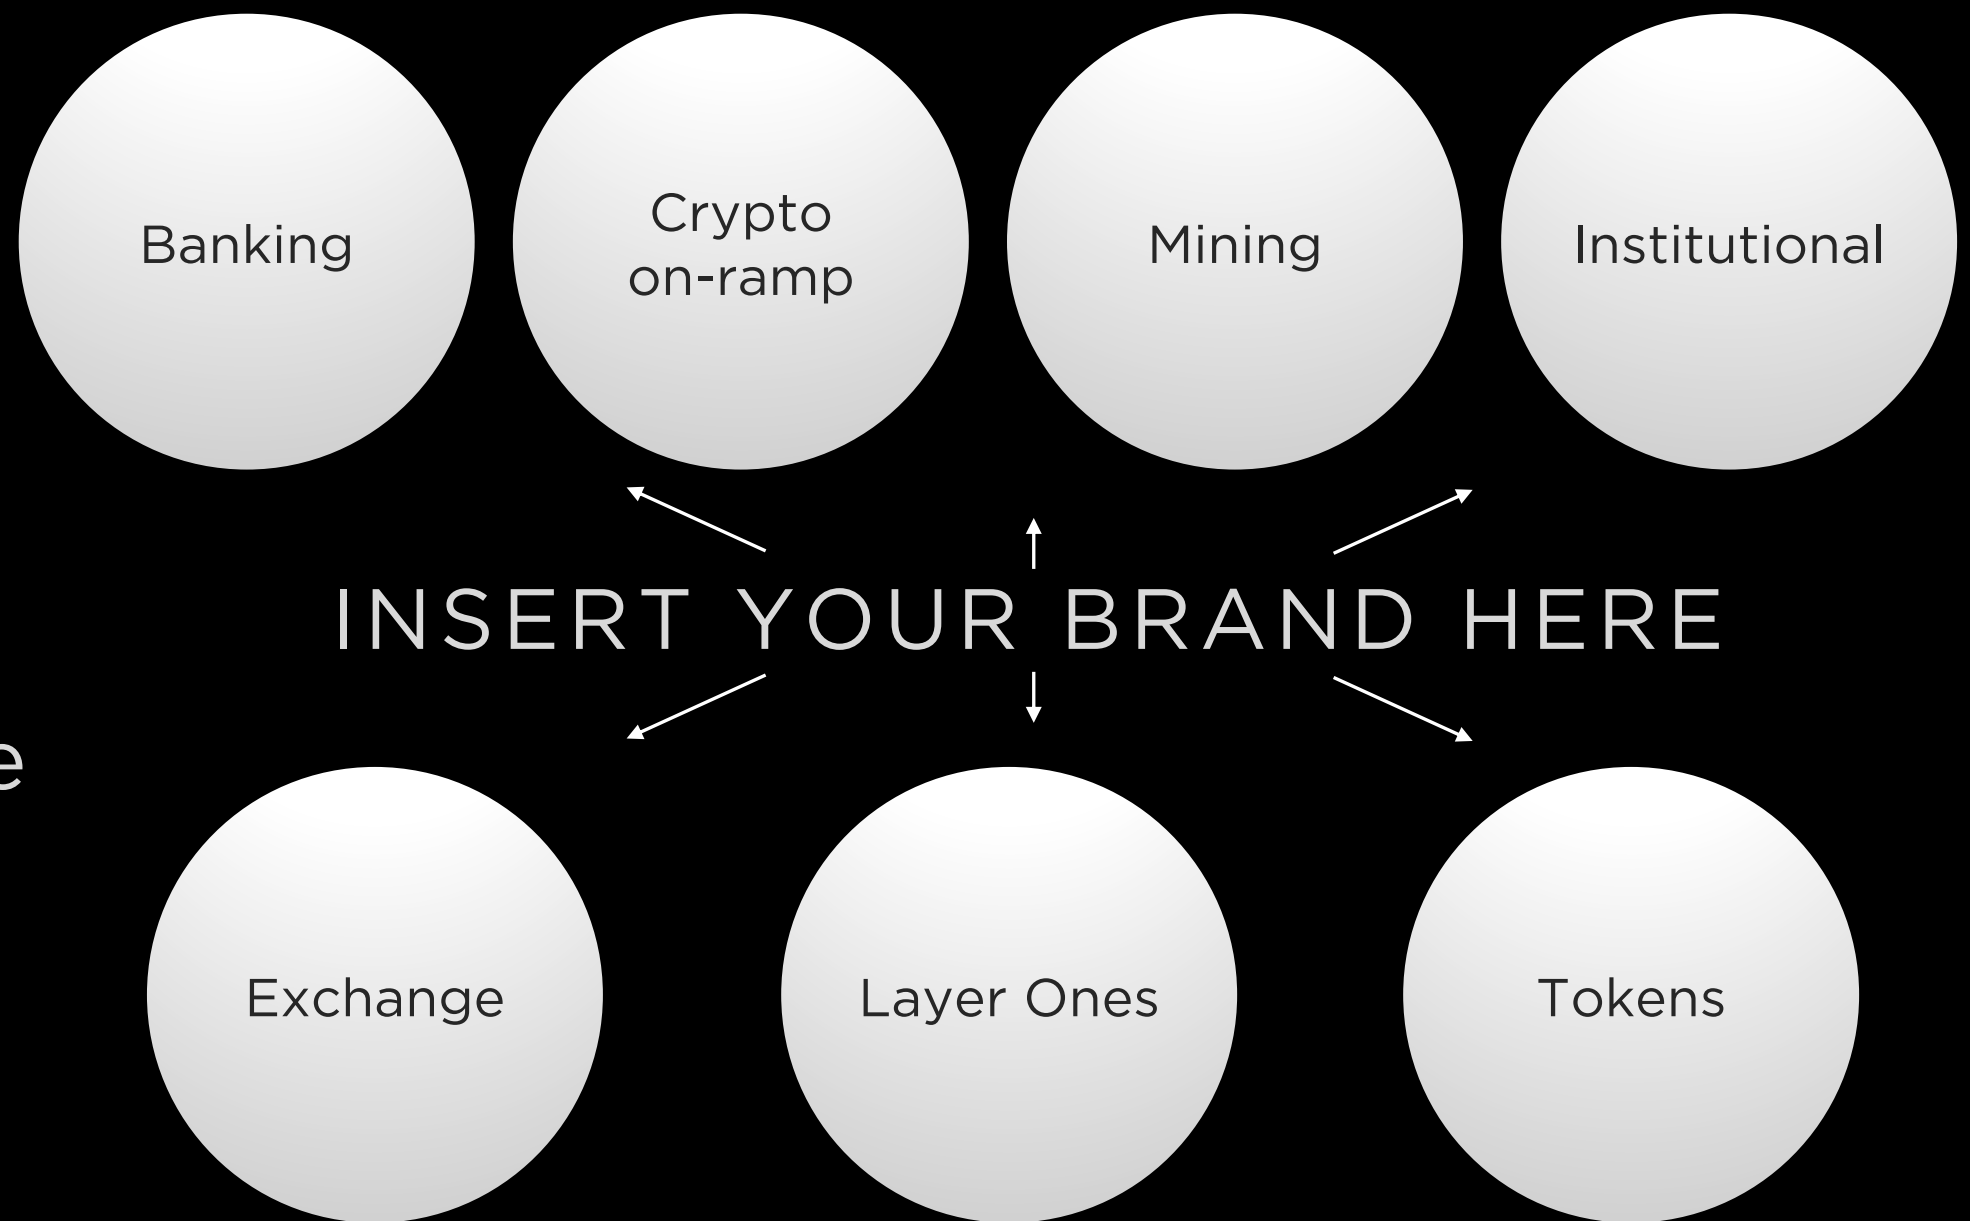

Imagine A-list actors talking about your project!

Screw Ethereum and their high gas fees — I'm all in on **AVALANCHE!**

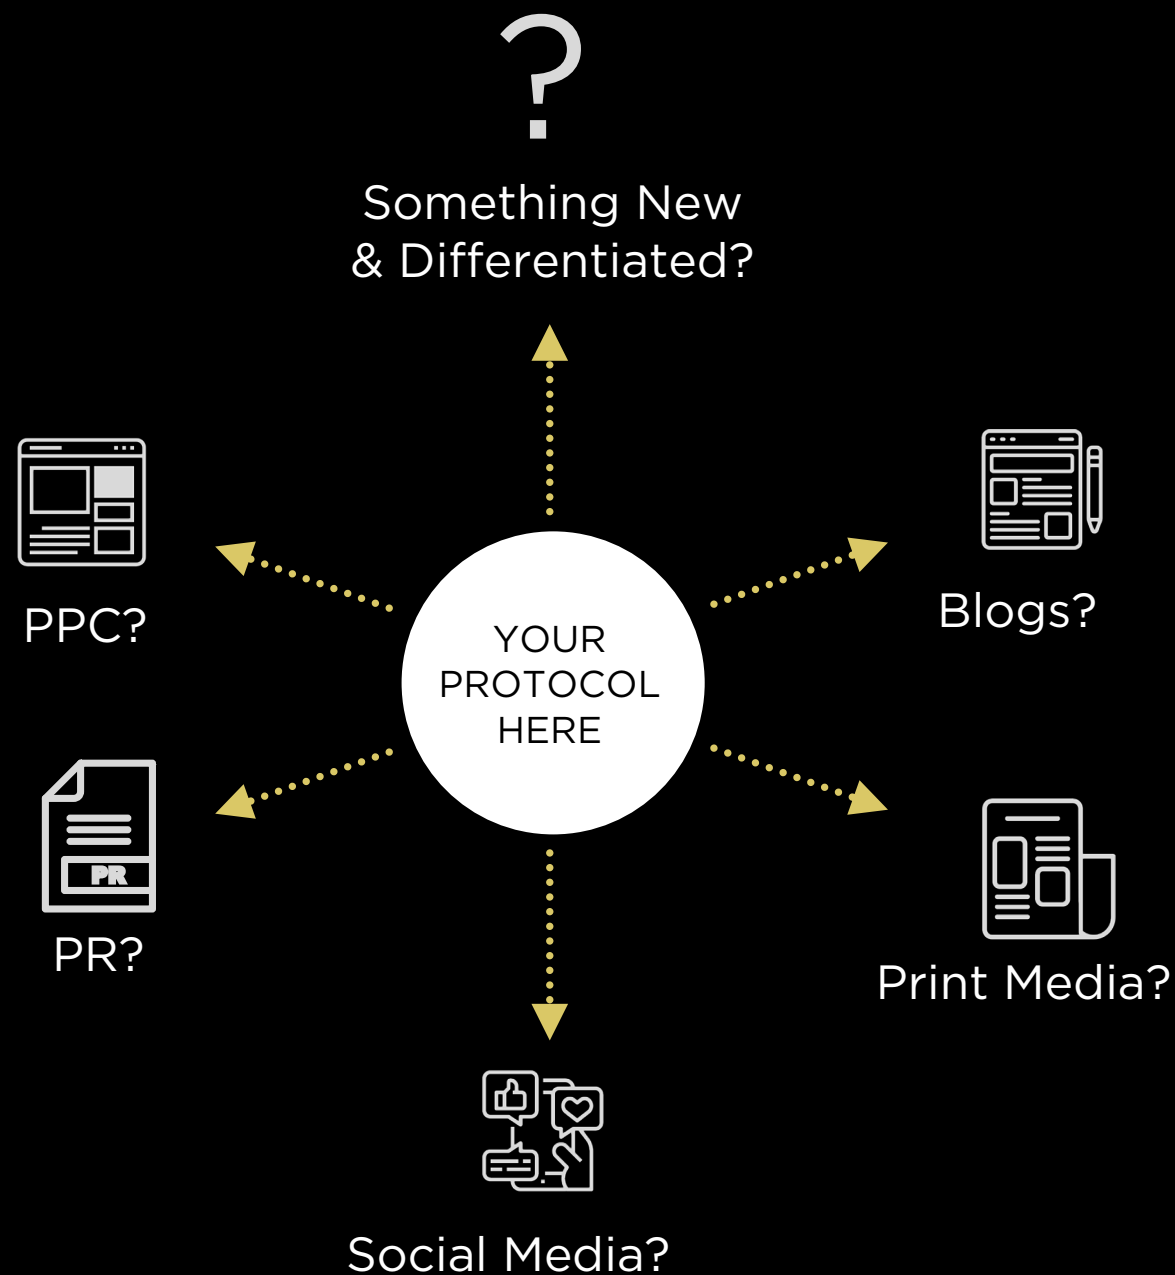

2. You are the story

For each of these seven major categories we're looking for one partner to become integrated into the storyline.

3. Your marketing differentiator

When every other project is using the same tactics, how do you stand out?

How do you create mainstream awareness when Bitcoin & Ethereum get all the airtime?

3. Your marketing differentiator

With Trillions, you get the Hollywood treatment.

3. Your marketing differentiator

Not only are you part of the Trillions show, but you'll get all the other media coverage that goes with it, and all for free!
